INDEX.

A

Abscess of iris, 859
Acedicon, chemistry, pharmacology and clinical actions of, 279
Acetabulum, intrapelvic protrusion of, 292
Addison's disease, pathologic anatomy of, 727
Agranulocytic angina, 291
Amaurosis following ingestion of ethylhydrocuprein, 435
Analgesics, experimental studies on, 566
  localization of action of, 280
Anemia, idiopathic, of newborn infant, 853
  in jaundice, 654
  of newborn, 66
  severe, blood regeneration in, 628
Angina, agranulocytic, 291
  sepsis following, pathogenesis of, 438
Antibodies, penetration of, into central nervous system of rabbits, 586
Antibody sera, progress in characterization of, 586
Antirabic vaccination by means of desiccated virus, 126
Antirachitic value of irradiated wheat, 854
Appendicitis in children, early diagnosis of, 282
Arsphenamin dermatitis with gangrene, 427
  sensitization tests including a report of arsenical dermatitis due to arsenobenzol radical of bismarsen (bismuth arsphenamin benzonate), 718
Arthritis, chronic, use and abuse of physical therapy in, 294
Asthma, nose and throat in, 290
Auricular fibrillation in patients with goiter, 507
Austin, J. Harold, water metabolism in pneumonia, 167
Avertin narcosis, clinical use of, 713
  pharmacological aspects of, 713

B

Bacillus tetani, growth of, in suspensions of agar, 582
Baird, David W., possible ill effects following intravenous use of ammonium ortho-iodoxy-benzoate, 794
Barbital, value of, before local anesthesia, 575
Barcroft, Joseph, alterations in the volume of normal spleen and their significance, 1
Barr, David P., clinical syndrome of hyperthyroidism, 449
Barsky, Joseph, chronic meningococcus septicemia, 589
Bayer, Leona Mayer, six fatal cases of diabetic acidosis, 671
Benedict, Edward B., early changes produced in dogs by injections of a sterile active liver extract from the anterior lobe of hypophysis, 489
Bladder, sarcoma of small round-cell, 850
Bland, P. Brooke, secondary anemia in pregnancy and in puerperium, 48
Blood of normal young women residing in subtropical climate, 849
Bloodgood, Joseph Colt, changing clinical picture of lesions of breast, 27
Blumer, George, agranulocytic blood picture in conditions other than anemia, 11
Bones, amputated, immediate and eventual features of healing in, 427
Borovsky, Maxwell P., clinical study of meningococcus meningitis, 82
Brailey, Allen G., myxedema during administration of iodin in exophthalmic goiter, 733
Brain, lesions of new vestibular complexes for localization of, 578
Brandau, George M., rhinal myiasis, 643
Breast feeding, 431
  lesions of, changing clinical picture of, 27
Brill's disease, distribution of, in United States, 142
Bronchiectasis, 577
Bronchogenic contamination in embolic abscess of lungs, 562
Broncholiths, 694
Brown, Philip W., amœbic abscess of liver, 264
Brucella abortus infection in man, 710
Bucher, Carl J., abscess of lung. A bacteriologic study based on one hundred and eighteen cases, 404
Bulger, Harold A., clinical syndrome of hyperthyroidism, 449

C

Cancer, activated (irradiated) fluorescein in treatment of, 429

Cancer, cervical, irradiation of, 572
prognostic value of histologic changes in, 571
treatment of results of, 434
fundal, vaginal metastases of, 287
ovarian, irradiation of, 719
rectal, radiation in treatment of, 427
studies in Massachusetts, 300
vulvar, irradiation in, 858
Cantarow, A., diffusibility of calcium in bronchial asthma and allied disorders, and in pulmonary tuberculosis, 497
Carbon dioxid, influence of, on respiration of unicellular organisms, 868
Carcinoma of rectum, surgical procedures in, 295
of ureter, primary, 712
Cardiac and circulatory stimulants for surgical patients, 564
death, acute, prevention of, 853
Cerebellar disease, new sign of, 139
Cervical cancer, treatment of, results of, 434
Chest roentgenograms of nontuberculous children suspected of having tuberculosis, 568
Chickenpox, period of infectivity and serum prevention of, 430
"Chlorine death points" of bacteria, 143
Cholecystenterostomy effect of on biliary tract, 850
Cholesteatoma, pathogenesis of, 291
Chondroma of larynx, 722
Chorea, 717
Chylomicrons, surface properties of, 447
Clute, Howard M., hyperthyroidism and pregnancy, 477
Cohen, Archibald C., myxedema during administration of iodin in exophthalmic goiter, 733
Colic and eczema in early infancy relation between, 282
Colloidal lead, distribution of in tissue after its intravenous injection, 866
Congenital auditory imperception, 295
cardiac disease, clinical classification of, 126
syphilis, early, histologic changes in spleen in, anemia and, 141
word deafness, 295
Contribution a l'Etude anatomico-clinique de l'Amytrophic Charcot-Marie, 139
Copper, rôle of, in setting and metamorphosis of oyster, 869
Curarization, mechanism of, 870
Currier, Fred P., progressive lipodystrophy appearing at menopause, 750
Cystic mastitis, chronic, 129
Cytologic examination of antrum, 721
Cytotoxic action of tuberculin on tissue culture, 730

D

Daniels, Donald H., hyperthyroidism and pregnancy, 477
Davis, David B., progressive lipodystrophy appearing at menopause, 750
Deafness in syphilis, 861
Dean, Benjamin F., Jr., experimental study of reaction of contents of terminal portion of ileum, 828
Dementia paralytica, Spirocheta pallida and, 296
Dental caries, 442
Dermatoses, industrial, 570
Diabetic acidosis, six fatal cases of, 671
use of levulose with and without insulin in control of, 565
Digestibility of unsweetened evaporated milk, boiled milk and raw milk by trypsin *in vitro*, 569
Diphtheria antitoxin, seasonal variation of, in blood of adults and adolescents, 445
vaccination, new experiences with, 854
Dystonies, 297

E

Ear, middle, suppuration of, nonsurgical treatment of, 722
tuberculosis of, 136
Einhorn, Moses, seasonal incidence and study of factors influencing the production of 1000 recurrences of gastroduodenal ulcers in 800 patients, 259
Elwyn, Herman, nephritis, some present-day concepts of, 149
Encephalitis, epidemic, etiology of, 863
Endemic pellagra, study of, 444
typhus, distribution of, in United States, 142
Endocarditis lenta, peculiar petechia in conjunctiva in, 288
Endothelial myeloma, 293
Eosinophila with splenomegaly, 208
Ergosterol, irradiated, effect of, on absorption of calcium from gastro-intestinal tract, 729
thyroparathyroidectomized dogs and, 146
Ergosteros, irradiated, irradiated foods and, 131
Ermann, Hortense, pooled adult blood serum as a prophylactic measure in a measles epidemic in an institution, 192
Evans, Frank A., studies in the dietary correction of obesity, 687
Mary Jardine, hemophilus influenzæ, study of, 177
Exhaustion states, 425

F

Falcon-Lesses, Mark, nephropathic effect in man of a diet high in beef muscle and liver, 305
Farley, David L., depressed bone-marrow function from the arsphenamins, 214
Fibromyomata, Roentgen therapy of, 286
First, Arthur, secondary anemia in pregnancy and in puerperium, 48
Fitzgibbon, John H., possible ill effects following intravenous use of ammonium ortho-iodoxy-benzoate, 794
Fletcher, A. A., large bowel in chronic arthritis, 91

G

Gall bladder, contractibility of, 303
pathological lesions of, 426
Gangrene, arsphenamin dermatitis and, 427
Gantt, W. Horsley, influence of magnesia sulphate on the secretory activity of the digestive glands, 375
Glaucoma, influencing of, by Roentgen irradiation of thyroid, 573
Glycosuria, nondiabetic, 761
Goiters, nodular, their relation to neoplasia, 127
Goldstein, Leopold, secondary anemia in pregnancy and in puerperium, 48
Gonorrhea, treatment of, with living organisms, 720
Gottesman, J., intestinal polyposis with an instance of multiple fibromatous polyps, 368
Graham, Duncan, large bowel in chronic arthritis, 91
Greenthal, Roy M., anemia of newborn, 66
Guanidine compounds, effect of, on unanesthetized dogs, 426

H

Habitus lipodystrophicus with affective psychosis, 864
Harrison, Francis F., eosinophila with splenomegaly, 208
Hearing, psychologist's interest in, 860
Heart in beriberi, *x*-ray examination in, 723
Heliotherapy in tuberculosis, 137
Hemolysis, influence of, electrolytes on, 302
Hemorrhage from nonmalignant uterus treatment of, 138
Heredosyphilis, latent, early diagnosis of, 430
Herpes zoster ophthalmicus, chronic frontal sinusitis and, 288
Herpetic encephalitis in guinea pig produced through respiratory tract, 289
Herrmann, Seigfried, intestinal permeability in obstruction of colon, 363
Higgins, George M., intestinal permeability in obstruction of colon, 363
Holm, Sigrid, eosinophilia in liver diet, 199
Hurxthal, Lewis M., auricular fibrillation in patients with goiter, 507
Hyperpyrexia produced by baths, 725
Hypersensitiveness to arsphenamin in guinea pigs, 856
Hypertension, effect of nitroglycerin, amyl nitrate and acetylchlorine on, 709
emotional, 775
Hyperthyroidism and pregnancy, 477
clinical syndrome of, 449
Hypomanic excitement, 864

I

Industrial dermatoses, 570
Infant feeding, citric acid milk in, 715
comparative value of condensed, fresh, canned natural and whole powdered cows' milk in, 131
Infantile paralysis, physical therapy in, 723
Influenza, treatment of, with para-benzoyl-para-amino-benzoyl-amino naphthol 3 to 6 sodium sulphonate, 565
Insulin administered by mouth, therapeutic effect of, 129
exceptional injuries to circulation by, 567
oral administration of, to diabetic children, 130
therapy, nervous and mental phenomena and, 725
Intestinal flora, changes in, after partial gastrectomy, 299
movements, phenolphthalein and, 862
Intracutaneous tuberculin tests, size of reacting area in, 431
Intramuscular hemangiomas of striated muscle, 711
Intraperitoneal and intrapleural relationships, 303
Iris, abscess of, 859
Iron, fixation of, by an inflammatory reaction, 587
Irradiation, etiology of ill-health of children born after, 576

J

Jaundice, anemia in, 654
Jaundiced patients, surgical problems in, 712

K

Kahn, Morris H., auricular flutter following direct injury to chest, 605
Kahn, precipitation test in infancy and early childhood, 431
Kastlin, George J., use of dextrose in pneumonia, 93
Kline slide precipitation test for syphilis, 719
Kopeloff, Nicholas, inoculation malaria: sexual and asexual strains, 800
Korns, Horace Marshall, tertiary syphilis of liver, simulating Banti's syndrome, 811

L

Larynx, chondroma of, 722
Lederer, Max, three additional cases of acute hemolytic (infections) anemia, 228
Leibly, Frank J., fetal emetin poisoning due to cumulative action in amœba dysentery, 834
Leprosy, human and rat, identity of, 141
in United States, 301
Les Tumerus du quatrième ventricule et le syndrome cerebelleux de la ligne mediane, 440
Leukocyte content of regional lymphatics in inflammation, 298
Leukocytosis, experimental, alteration in response to insulin during, 585
Lipodystrophy progressive, 750, 758
Liver, amœbic abscess of, 264
diet, eosinophilia in, 199
in pernicious anemia, structural changes in, 141
Lloyd, John J., broncholiths, 694
Lobelin and CO_2, action of, on respiration in narcosis, 280
Logefeil, R. C., medical or injection treatment of varicose veins, 619
Lung, abscess of mortality and end results of operation on, 851
treatment of, by direct aspiration and injection of neoarsphenamin, 130
carcinoma of primary, 803
tumors of primary etiology and pathology of, 866
Lynch, Frank B., Jr., paratyphoid-enteritidis meningitis, 411
Ralph, use of dextrose in pneumonia, 93

M

McCahey, James F., arthritic complication of gonorrhea in adult male, 782
McClugage, H. B., studies in the dietary correction of obesity, 687
McCrae, Thomas, angina pectoris; is it always due to coronary artery disease? 16

Matz, Philip B., study of intestinal tuberculosis among exservice men, 532
Measles prophylaxis with serum of adults who had measles in childhood, 717
Meningococcus meningitis, and measures for control of, 444
clinical study of, 82
serum in treatment of, 132
septicemia, chronic, 589
Menstruation, disorders of, treated by irradiation of ovaries and hypophysis, 434
Mercury derivatives of cystein, 871
Metencephalitis, treatment of injections with harmin ir., 280
Meulengracht, E., eosinophilia in liver diet, 199
Milk sugar, effect of large amounts of, on stools and nutrition of infants, 569
"Mind-reading" horses, an investigation of, 140
Monocytes of blood, tissue macrophages and, 145
Mononucleosis, acute infections, from point of view of otolaryngologist, 574
Muller, Gulli Lindh, relation of cholesterol, lecithin phosphorus and fatty acids to the remission of pernicious anemia, 316
Muscular contraction, energy expended in maintaining, 302
relaxation and sleep, apparatus for induction of, 297
Myasthenia gravis, 140
Myeloma, endothelial, 293

N

Nasal administration of sexual hormones, 572

Nasal spray method of administering hormones of ovary and pituitary gland, 425
Nerve-muscle complex, double chronaxie of, 447
Neurosyphilis, nonspecific and malarial therapy in, 133
previous treatment of patients with, 284
Newborn, anemia of, 66
Newburgh, I. H., nephropathic effect in man of a diet high in beef muscle and liver, 305

mucosus, experiments concerning, 135
Ovarian cancer, irradiation of, 719
Oxidizing power of oils and its modification under the influence of oligodynamic and radioactive agents, 144

P

Pain sensibility, 278
treatment of, physical measures in, 294
Pancreatic secretions, internal and external, correlation of, 278
Paratyphoid-enteritidis meningitis, 411
Paulson, Moses, three methods of obtaining intestinal material directly for bacteriologic examination without the possibility of contamination from surrounding sources, 359
Pellagrins sera, spectrographic examination of, 136
Pelvic irradiation, maternal, etiology of ill health of children born after, 861
Pemphigus primary in the larynx, 575
Peptic ulcer, perforated, diagnosis of, 128
early diagnosis of, 293
Periarteritis nodosa, 580
Peritonitis, experimental diffuse, effects of hypertonic dextrose solution on, 563
Perla, David, intestinal polyposis with an instance of fibromatous polyps, 368
Perry, Matthew White, gonorrheal endocarditis with recovery, 599
Pineal form of pubertas precox, 568
Pleuritic effusions, treatment of, 428
Pneumococcus, clasmatocytes in protection against, 443
Poliomyelitis, 716
acute, in monkeys, lesions of nasal mucous membranes in, 290
preparalytic, 584
Porter, William B., treatment of nontropical sprue with liver extract, 310
Pregnancy, hyperthyroidism and, 477
interruption of short-sightedness and, 573
Prenatal volvulus of small and large intestine caused by mesenteric cyst, 298
Pressman, Joel J., absorption of glucose per rectum, 520
Prostate, unsuspected carcinoma of, 128
Pseudomyoma peritonei of, ovarian origin, 857
Pulmonary arteries, syphilitic disease of, 717
Putnam, Tracy J., early changes produced in dogs by injections of a sterile active liver extract from the anterior lobe of hypophysis, 489

Q

Quinhydrone electrode, determination of pH of serum with, 729

R

Radiation sickness, activated ergosterol in, 724
therapy in benign uterine hemorrhage, 293
Radiotherapy for tumors of testis, 577
Radium in neoplastic diseases, fifteen years devoted to, 562
therapy, 438
